THE FEDERAL DEPOSITORY LIBRARY PROGRAM

New Item Numbers Added for Congressional Documents

In response to requests from depository library staff for greater format selectivity for congressional documents in the Y 4 SuDoc classification range, approximately 80 new item numbers have been created for various committees.

New item number information can be found in **WEBTech Notes** or in **csv format**.

In order to allow libraries time to evaluate and select these new item numbers, the annual update selection cycle deadline has been extended for an additional two weeks and will now close on August 12, 2011, instead of July 31, 2011.
